PROFESSIONAL SUMMARY

Compassionate Registered Nurse with 7 years of experience in hospital case management and discharge planning. Extensive knowledge of care coordination, hospice referrals, and end-of-life care planning. Seeking to leverage clinical expertise and relationship-building skills to transition into hospice business development and marketing role. Strong advocate for palliative care and patient-centered decision making.

PROFESSIONAL EXPERIENCE

Senior Case Manager | Emory University Hospital | Atlanta, GA

September 2020 - Present

- Manage complex discharge planning for 25-30 patients daily on medical-surgical and oncology units
- Coordinate transitions to post-acute care including hospice, home health, SNF, and LTAC facilities
- Facilitate goals-of-care conversations with patients, families, and interdisciplinary teams
- Initiate hospice referrals for appropriate patients (averaging 8-12 per month)
- Build and maintain relationships with 15+ hospice agencies, 30+ SNFs, and home health providers
- Serve as clinical liaison between hospital providers and post-acute care teams
- Participate in daily interdisciplinary rounds and care coordination meetings
- Review insurance authorization requirements and medical necessity criteria
- Mentor 3 junior case managers on complex discharge planning scenarios

Key Accomplishments:

- Reduced average length of stay by 0.8 days through efficient discharge planning
- Increased timely hospice referrals by 35% through early identification and education
- Developed "Advanced Care Planning" protocol adopted hospital-wide
- Achieved 96% patient satisfaction score in discharge planning survey
- Led quality improvement project reducing 30-day readmissions by 18%

Case Manager - Emergency Department | Grady Memorial Hospital | Atlanta, GA

July 2018 - August 2020

- Managed discharge planning for high-volume ED (100,000+ visits annually)
- Coordinated urgent placements to appropriate level of care

- Connected frequent ED utilizers with community resources and primary care
- Collaborated with social workers on complex psychosocial cases
- Participated in multidisciplinary trauma team meetings

Staff Nurse - Oncology Unit | Northside Hospital | Atlanta, GA

May 2017 - June 2018

- Provided direct patient care for oncology patients (solid tumors and hematology)
- Administered chemotherapy and supportive medications
- Educated patients and families about treatment plans and side effects
- Supported patients transitioning from curative to palliative care
- Participated in end-of-life care and bereavement support

RELEVANT STRENGTHS FOR MARKETING ROLE

Relationship Building:

- Established trusted relationships with 15+ hospice agencies through daily interactions
- Known by post-acute providers as reliable, responsive clinical resource
- Strong rapport with hospital physicians and nursing staff

Hospice Knowledge:

- Deep understanding of hospice eligibility criteria and Medicare benefit
- Experience identifying appropriate hospice candidates
- Familiar with hospice admission process and documentation requirements
- Knowledge of hospice philosophy and interdisciplinary team approach

Communication:

- Skilled at explaining complex medical information to diverse audiences
- Comfortable facilitating sensitive end-of-life discussions
- Experience presenting to groups (grand rounds, education sessions)

Clinical Credibility:

- RN license provides instant credibility with physicians and healthcare providers
- CHPN certification demonstrates hospice-specific expertise
- Oncology background relevant for hospice patient population

AREAS FOR DEVELOPMENT

- Limited formal marketing or business development experience
 - No direct budget management experience
 - Limited CRM system expertise (primarily clinical software)
 - Public speaking to large groups/community events (can develop)
 - Event planning and coordination (limited exposure)
 - Digital marketing and social media (basic skills)
